## EDUCATION

**Software Development Curriculum**, Base Camp Coding Academy  
**Specialization/Technical Passion:** Web Development and Network Administration

## TECHNICAL EXPERIENCE

**Frogger Game**, Base Camp Coding Academy  
*Build a game that enables a character to move from one frame to another.*

*Oct, 2016*

- o Designed a scene using HTML, CSS, and JS to create an interesting user interface
- o Tested the game and revised as needed when bugs were identified.
- o Worked collaboratively on a team of three while discussing prior to the project, so that no errors are being made, no bugs are found, and everything works as followed.

**Tetris**, Base Camp Coding Academy  
*Goal:* Create a tetris game using Python.

- Tested to make sure the coordinates for the game were correct using the Atom Text Editor
- Designed & animated the blocks in the game using Python.

*Aug, 2016*

*Sept, 2016*

**Minesweeper**, Base Camp Coding Academy  
*Goal:* Create a Minesweeper(like the game Windows XP) game using Python

- Tested the code to ensure the program was prepared for presentation
- Proofread the code to spot any mistakes.
- Acted as Project Manager for the group from the beginning and end of Day 1.

*Sept, 2016*

*July, 2016*

## TECHNICAL SKILLS

**Languages:** HTML, CSS3, JavaScript, jQuery  
**Operating Environments:** Microsoft Windows, Apple Mac OS X, Google Android(Only tested using Android Studio, Bootstrap included.)  
**Business Tools:** Microsoft Office 365, 2010, 2013

## HONORS AND SERVICE ACTIVITIES

**List any high school honors or volunteer activities**  
Helped the church cleanup staff to make sure the church is in good shape for Sundays by taking out trash, vacuuming, and spraying down the pulpit.

## OUTSIDE-OF-BASE CAMP ACTIVITIES

**Network/Computer Administrator**  
Constructed and perform the tasks of a very skilled Network or Computer Administrator by helping family members and classmates with their phones and computer problems at home and at school.
